

# HEN HOUSE GOLD

HEALTHY GUT, FEATHERS, FEET & EGGS

**100%  
VEGETARIAN**  
+ ANTIBIOTIC  
& HORMONE  
FREE!

- ✓ Supports vitality
- ✓ Supports better eggshells
- ✓ Supports better health
- ✓ Supports egg-nutrients

**HEN HOUSE GOLD** is a nutritious layer mash formulated with high quality protein, a natural probiotic and is antibiotic and hormone free.

It is a 100% vegetarian mash designed to assist the health and vitality of your chickens, by supporting gut health, feather condition and feet and foot pad condition. And, in turn, your healthy hens will produce healthy eggs with better eggshell quality and egg nutrients!

# HEN HOUSE GOLD NUTRITIONAL ANALYSIS

Working with our consulting nutritionist, PBA Feeds strive to always produce the best quality feed possible. And Hen House Gold is no exception to this!

Hen House Gold is a premium feed that produces a more nutritious egg and which includes the nutrients that improve the condition of feather, feet and foot pads. In addition to being 100% vegetarian and hormone free, Hen House Gold contains a natural probiotic to support the gut health of your hens.

With the specially formulated chicken premix found in Hen House Gold, your eggs will be a good source of selenium, Vitamins A, E and D.

Along with the high quality protein found in Hen House Gold, the diet is balanced for a healthier Omega 3 to Omega 6 ratio to optimise your hen's health, vitality and egg production.

Through new advanced technologies, Hen House Gold has reduced trace element output while maximising the transfer of nutrients to the egg and eggshell! It also reduces phosphorus loss in the manure as well as reduced ammonia output!

## TYPICAL ANALYSIS PER KG

<b>Total Protein</b> (min)	15.3%
<b>Crude Fat</b> (min)	6.3%
<b>Starch</b> (min)	37.8%
<b>Fat</b> (min)	6.9%
<b>Crude Fibre</b> (min)	3.1
