

Health Food for Horses

SUMMER NEWSLETTER

Welcome to our Summer edition. It has been a busy year for Hyfeed as we have been endeavouring to get around to more shows and events. Hyfeed has also sponsored a number of events throughout the year including Highfields Pioneer Village, Norths Star Pony Club, Clifton Polo Team, QLD Welsh Show, Glennie Equestrian and a number of local shows. Included is a wrap up of a couple of events we have been involved in recently and also information on our **Intence** product that is specially relevant as we are heading into weaning and yearling preparation over the next few months.

Chappell Park Ponies

Della proudly owned by Chappell Park Ponies, has had a great year competing.

Audie Mansfield Futurity placing 2nd overall and came within a whisker of winning in a very good field of horses.

Brenda Wittmann Championships won both preliminary tests and then Champion. Chappell Park Ponies are proudly sponsored by Hyfeed and use Shine On and Soy Gize.

SK Horsemanship/Hyfeed events in 2014

We partnered with Scott & Chantal Keogh of SK Horsemanship for a few events during 2014. We were lucky to have Scott giving his horsemanship demonstrations at Farmfest, Ag Show, Chinchilla Polocross Championships and the Endurance Queensland State Championships at Clifton. Hyfeed then had a stand & delivered nutritional talks for the SK Horsemanship clinic at Tenterfield in September. SK Horsemanship use Hyfeed Shine On, Wholesome and WP Horse Minerals. For further information on SK Horsemanship services, visit skhorsemanship.com.au or their Facebook page.

QSEC'S HORSE HOME SHOW - 7TH & 8TH FEBRUARY 2015

Hyfeed will be at the QSEC's Horse Home Show at Caboolture on the 7th & 8th February 2015.

The QSEC Horse Home Show will have multi-discipline demonstrations, educational presentations and incredible shopping - all under one impressive roof! Kick start the equestrian season with training tips and advice from some of the country's leading professionals with an integrated program focusing on the RIDER, the HORSE, TRAINING & PERFORMANCE.

Hyfeed will have some great event specials on offer in 20% off your first pallet order of feed. This offer can only be claimed at the event and must be paid for at the time of order. The weekend will also include night entertainment at the conclusion of Saturday's program with live entertainment and spit roast.

Health Food for Horses

Are you prepared for weaning?

As we head into weaning and yearling preparation over the next few months, horse health is very important. Intence is a speciality Hyfeed supplement product that is highly digestible to deliver balanced nutrition imperative to the healthy growth, development and performance of equines. With its palatable blend, Intence works to:

- Help boost and stimulate the immune system
- Help recovery from stresses such as parturition, weaning, surgery, illness, prolonged antibiotic usage, travelling and physical exertion
- Contribute to the healthy growth, development and performance of equines
- Supports digestive efficiency
- Help maintain overall health & vitality

Hyfeed Intence achieves its results through the inclusion of some functional ingredients such as Nupro®, colostrum, lysine and Betaine.

- Nupro® contains highly concentrated levels of essential & functional nutrients that are important in the diets of young animals
- Colostrum is highly nutritious and contains many bioactive substances that have been shown to prevent disease and promote overall good health.
- Betaine protects the animal from dehydration and allowing the animal to maintain its water balance in a more energy-efficient way
- Lysine is an essential amino acid required for growth and optimum nitrogen balance in tissues. It is especially important in rapidly growing young horses

For feeding rates, specifications and further information, please visit our website, www.hyfeed.com.au or speak to us on (07) 4633 2266.
